Fur-Piled is a gay-themed slice-of-life web comic by Leo Magna. It used to be available in nine languages (English, French, Italian, Russian, Polish, German, Portuguese and both Castilian and Latin-American dialects of Spanish), but all translations has since been indisposed. The comic is now only available in english, in a pdf form on the author's patreon (<https://www.patreon.com/posts/fur-piled-pages-18373295>): Pages 1-151 (<https://www.patreon.com/file?h=18373295&i=2109340>) Pages 152-265 (<https://www.patreon.com/file?h=19336351&i=2273315>) Pages 266-366 (<https://www.patreon.com/file?h=20109142&i=2409309>) Pages 367-427 (<https://www.patreon.com/file?h=20416101&i=2867004>)

The web comic was typically updated on Tuesdays and Thursdays. The characters in the comic never made any references to their artistically-depicted species during its run, which may, in a similar arrangement to *Circles*, render the characters as merely artistically-anthropomorphic representations of fictional human characters.
